	Urban Design Strategy			
HP	Mauao Management	August 2007 - Stone Steps is being upgraded. Following this the - Oruahine Track is to be upgraded. Both tracks are in a poor state and need attention. Ice Construction is undertaking the project. They successfully undertook the upgrade of the Waikorire Track last year. - Tests were unsuccessful when trying to make shell pavers for the Base Track. At the last Steering Group Meeting it was deemed that the preferred option was Shell and the second option Rhylite. - Rock overhang is being assessed for safety measures.	November 2007 - The stone steps and the Oruahine track upgrades have been completed now with excellent feedback. - Abseilers have been completing weed control on the bluffs above the Oruahine track and the Waikorire track. - Spring weed control has been completed in the pasture areas. - Funding has been requested in the draft 2008/2009 Annual Plan to upgrade the base track. A decision will be made in May 2008. - Over hanging rock has been identified as a hazard and will be removed. TCC and Iwi met to discuss the methodology. Methodology has to be confirmed. 4X4 track slip repair has been completed. Mauao Water Services. Survey Plans are being completed for easements for the Reservoir site and water supply lines to Pilot Quay Road and the registration of the fire main pipe line and electricity easements. Mauao Steering Group The first meeting is on 19 December 2007 New Council has appointed the following Councillors, Iwi, Crown and Community reps on to the committee:	s 7(2)(f)(ii)
