## Mauao - Mt Maunganui Reserve Management Plan 1998 - Coding of Actions Report April 2008

LIPS Action ID	Strategy Action ID	Action Description	Details	Activity Area Responsible for this Action	Progress Update	Timing From Strategy	Cost From Strategy	Executive Team Notes
<b>A Actions completed</b>								
MAURMP13	MAU.3.1.2a	Fire Plan	The Fire Plan should be used as an action plan in the event of a fire.	OPEN SPACE	A		\$0	
MAURMP15	MAU.3.1.3b	Assessment of fauna	To complete, as soon as possible, a comprehensive assessment of the density, diversity and distribution of the fauna.	OPEN SPACE	A		\$0	
MAURMP19	MAU.3.1.5a	Removal of abandoned reservoir	To actively seek the removal of the abandoned reservoir from the lower slopes provided that an assessment of environmental effects is undertaken to prove that the actions do not compromise the cultural, spiritual and ecological values of Mauao and it is deemed to be practicable.	OPEN SPACE	A		\$0	
MAURMP4	MAU.3.1.1d	Selectively preserve exotic trees	Selectively preserve exotic trees in appropriate locations	OPEN SPACE	A		\$0	
MAURMP8	MAU.3.1.1h	Review need for stocking all grassed areas	Review the need for stocking all grassed areas of the reserve and the options for retiring land from grazing. Planting and fencing of retired areas should be carried out only in consultation with iwi and an archaeologist to ensure that the integrity of archaeological sites is not compromised. If planting is to occur on archaeological sites it will be necessary to apply to the Historic Places Trust for authority to modify sites under Section 11 of the Historic Places Act 1993.	OPEN SPACE	A		\$0	
MAURMP21	MAU.3.2.1a	Cultural heritage and traditional rights	Determine what cultural, heritage and traditional rights or ceremonies are associated with Mauao, eg Waitangi Day.	OPEN SPACE	A		\$0	
MAURMP22	MAU.3.2.1b	Mechanism for implementing rights	Determine a mechanism for implementing the above (3.2.1a) consistent with the Reserves Act 1977.	OPEN SPACE	A		\$0	
MAURMP27	MAU.3.2.2a	Historical assessment of Mauao	Carry out a detailed historical assessment of Mauao to provide information on the development and use of sites and area. This information will be available for Conservation Plans (see below) and interpretation of the history of Mauao, in consultation with iwi.	OPEN SPACE	A		\$20,000	
MAURMP28	MAU.3.2.2b	Prepare a Conservation Plan	Prepare a Conservation Plan for the archaeological features and historic areas located in the reserve, commissioned in consultation with the iwi. Such a plan is to include: - An inventory of all sites, accurately mapped, described and recorded on a plan. This would be limited to those sites that are already a matter of public record and would not include sites about which the iwi does not wish to divulge information. - The condition of each site and the presence of vegetation, together with options for its management. - An historical assessment of the sites. - A review of all documentation and records of existing sites. - Detailed policies for the conservation of all sites.	OPEN SPACE	A		\$22,000	
MAURMP29	MAU.3.2.2c	Specialist consulted on a Conservation Plan	A specialist in vegetation management of archaeological sites currently prone to erosion to be consulted during production of a Conservation Plan.	OPEN SPACE	A		\$0	
MAURMP30	MAU.3.2.2d	Survey area s exotic plants	A survey of the areas exotic plants and vegetation detailing the types of plants should be carried out, along with documentation of the history. Any work carried out should make reference to recommendations for these planted areas.	OPEN SPACE	A		\$0	
MAURMP31	MAU.3.2.2e	Conservation Plan for the Stone Steps	Prepare a Conservation Plan for the Stone Steps. This would document the history, record their current condition, determine the cultural significance of the steps and enable development of conservation policy and actions to ensure their long term retention.	OPEN SPACE	A		\$0	
MAURMP34	MAU.3.2.2h	Assess stock damage to archaeological sites	Assess the degree to which stock are damaging archaeological sites with special attention to be paid to the midden sites on the south western side. If it is found that erosion of the sites is intensified by stock, alternative management should be examined. This could include allowing areas to revert to native bush.	OPEN SPACE	A		\$0	
MAURMP39	MAU.3.3.1a	Formally rename the reserve	Formally rename the reserve as Mauao Mount Maunganui.	OPEN SPACE	A		\$0	
MAURMP40	MAU.3.3.1b	Retain current classifications	Retain the current classifications for Mauao, namely Recreation Reserve and Historic Reserve (refer to Figure2, page 22 and Appendix K)	OPEN SPACE	A		\$0	

MAURMP61	MAU.3.3.2o	Create main pedestrian entry	Create a main pedestrian entry, main gate and interpretation structure in which various aspects of Maori culture and history of Mauao will be displayed. The main entry will include a large open grassed area in front of the main gate with, in future, an interpretation/ information structure.	OPEN SPACE	A		\$10,000
MAURMP62	MAU.3.3.3a	Improve access to Mauao at back of camping ground	Improve access to Mauao along the back of the camping ground and along the beach front; improve signage; improve visual amenity.	OPEN SPACE	A		\$0
MAURMP68	MAU.3.3.3g	Redefine management agreement	Redefine the management agreement for the camp ground to reflect the above.	OPEN SPACE	A	2007	\$0
MAURMP69	MAU.3.3.3h	Camp - concept plan	Undertake a concept plan which addresses amenity issues and access along the front of the camp and behind the camp. Refer Appendix P Draft Concept Plan.	OPEN SPACE	A	2005	\$0
MAURMP70	MAU.3.3.4a	Review stocking of grassed areas	Review the need for stocking all grassed areas of the reserve. If areas of the reserve can be retired from grazing they should be. Planting in these areas should be carried out only in consultation with iwi and an archaeologist to ensure that the integrity of archaeological sites within them is not compromised	OPEN SPACE	A	2005	\$0
<b>B Dollar Actions started and due for completion in **** or ongoing</b>							
MAURMP66	MAU.3.3.3e	Camp - remove permanent & semi-permanent structure	Remove all permanent and semi-permanent structures that are not in accordance with the Camp Grounds Regulations 1985 Appendix N.	OPEN SPACE	B	2009	\$0
MAURMP67	MAU.3.3.3f	Camp - No new permanent awning structures	No new permanent awning structures should be permitted to be built and all old awning structures are to be removed over a period of 12 months after the adoption of policy.	OPEN SPACE	B	2009	\$0
MAURMP1	MAU.3.1.1a	Protect existing areas of indigenous forest	Preserve and protect the existing continuous areas of indigenous vegetation forest and encourage its growth and predominance except where archaeological and other considerations may be paramount.	OPEN SPACE	B	Ongoing	\$120,000
MAURMP10	MAU.3.1.1j	Eliminate all gorse within grazed areas	To eliminate all gorse within the existing grazed areas so as to reduce the fire hazard.	OPEN SPACE	B	Ongoing	\$0
MAURMP11	MAU.3.1.1k	Restore and Develop additional planting on Mauao	To restore and develop additional planting on Mauao. - Restore and add to the coastal vegetation around the base of Mauao, particularly pohutukawa. - Care should be taken to ensure good view corridors are maintained.	OPEN SPACE	B	Ongoing	\$0
MAURMP12	.3.1.1i	Indigenous vegetation through gorse areas	To continue to plant indigenous vegetation through gorse areas.	OPEN SPACE	B	Ongoing	\$0
MAURMP14	MAU.3.1.3a	Monitoring for grey faced petrel	To continue the annual monitoring programme for the grey faced petrel and implement appropriate protective measures. Environment BOP prepared pest strategy which includes Mauao.	OPEN SPACE	B	Ongoing	\$0
MAURMP16	MAU.3.1.3c	Opossum, rabbit and cat control programme	To continue the existing opossum, rabbit and cat control programme, to modify it as required in accordance with the Bay of Plenty's Animal Pest Management Strategy, to carry out an annual review, and to monitor progress.	OPEN SPACE	B	Ongoing	\$0
MAURMP17	MAU.3.13d	Annually monitor and control introduced fauna	To annually monitor and, of necessary, to control the populations of other introduced fauna that may threaten the vegetation, wildlife or archaeological sites.	OPEN SPACE	B	Ongoing	\$0
MAURMP18	MAU.3.1.4a	Redesign man-made utilities	Redesign (if removal is not practical or appropriate) the existing man-made utilities to blend into the landscape as unobtrusively as possible.	OPEN SPACE	B	Ongoing	\$218,000
MAURMP2	MAU.3.1.1b	Develop new areas of indigenous vegetation	Develop new areas of indigenous vegetation where this will result in the improvement of water quality (springs) and otherwise enhance the habitat value of existing vegetation.	OPEN SPACE	B	Ongoing	\$0
MAURMP20	MAU.3.1.5b	Facilities to improve enjoyment provided	Other facilities to improve public enjoyment of the reserve, such as seats, direction and information signs, and rubbish bins may be provided. These shall be appropriately designed and sited.	OPEN SPACE	B	Ongoing	\$25,000
MAURMP3	MAU.3.1.1c	Eradicate Pinus radiata and Ulex europaeus (gorse)	Carry out a controlled programme over a period of time to eradicate the Pinus radiata and Ulex europaeus (gorse) with the main area of the indigenous forest, and replace this loss with indigenous species.		B	ongoing	\$70,000
MAURMP5	MAU.3.1.1e	Develop Waahi rongonui	Develop waahi rongonui (groves of coastal vegetation).	OPEN SPACE	B	Ongoing	\$0
MAURMP7	MAU.3.1.1g	Allow sheep to graze	Allow sheep to graze parts of Mauao to ensure that grass growth is adequately controlled whilst the public's use of the area is not unduly impeded.	OPEN SPACE	B	Ongoing	\$0
MAURMP9	MAU.3.1.1i	Control weeds in EBOP Plant Pest Strategy	To control weeds in accordance with the Bay of Plenty Regional Councils Plant Pest Strategy.	OPEN SPACE	B	Ongoing	\$0

MAURMP26	MAU.3.2.1f	Sanctity of archaeological sites	To recognise and protect the sanctity of archaeological sites and, in particular to ensure that the iwi determine whether information is released or sought by way of digs on such sites or from silent files.	OPEN SPACE	B Ongoing	\$0
MAURMP37	MAU.3.2.2k	Prior to planting, consult with iwi and archaeolog	Prior to any planting works being carried out on the lower slopes of Mauao, consultation with iwi and an archaeologist is to be undertaken. This consultation will allow for advise on areas of archaeological and cultural sensitivity which should not be planted. Planting should not take place on archaeological features. If sites are to be included in areas for planting it will be necessary to apply to the Historic Places Trust for authority to Modify Sites, under Section 11 of the Historic Places Act 1993.	OPEN SPACE	B Ongoing	\$0
MAURMP42	MAU.3.3.1d	Mauao in District Plan Schedule of Historic Featur	Include all of Mauao in the reviewed District Plans Schedule of Historic Features with individual areas and sites highlighted including those identified in the Resource Information to this Management Plan.	ENVIRONMENTAL POLICY	B Ongoing	\$0
MAURMP43	MAU.3.3.1f	Establish Advisory Group	Establish an Advisory Group for the Historic Reserve being representative of the Crown, City Council, iwi and community. - Establish performance objectives for each year of operation. - Annually assess the readiness of all relevant agencies to action the agreed fire plan should the need arise.	OPEN SPACE	B Ongoing	\$3,000
MAURMP46	MAU.3.3.1i	Recreation Reserve administered by the Council	The Recreation Reserve, including the hot pools, campground and surf lifesaving club shall be administered by the Council with the various operation conditions determined by the Council.	OPEN SPACE	B Ongoing	\$0
MAURMP47	MAU3.1.1j	Management for Recreation and Historic Reserves	Recognise the different management techniques applicable to the Recreation Reserve and the Historic Reserve.	OPEN SPACE	B Ongoing	\$0
MAURMP51	MAU.3.3.2d	Maintain roadway to summit	To maintain the roadway to the summit as a safe pedestrian path capable of use by emergency and service vehicles or ceremonies of national significance only, in a manner which arrests further erosion. The use of Mauao for search and rescue practice shall be approved annually by the Council. The road will not be used for general public vehicle access.	OPEN SPACE	B Ongoing	\$0
MAURMP52	MAU.3.3.2e	Landing of helicopters	The landing of helicopters at the summit is to be permitted for emergency rescue purposes only and other purposes as approved by Council.	OPEN SPACE	B Ongoing	\$0
MAURMP54	MAU.3.3.2g	Maintain existing paths	To maintain existing paths for pedestrian use, as identified on Plan 1 - Roads and Paths. All maintenance and upgrading of paths must be proven to be necessary and in accord with the objectives and policies of this Plan.	OPEN SPACE	B Ongoing	\$0
MAURMP55	MAU.3.3.2h	Paths surface - materials	Paths should be surfaced with rhyolite chips, pipi shells materials that are appropriate to Mauao.	OPEN SPACE	B Ongoing	\$55,000
MAURMP56	MAU.3.3.2i	Location of rest areas and seats	Rest areas and seats are to be located at suitable places and safety features will be incorporated where necessary so that the majority of people have access to the majority of paths.	OPEN SPACE	B Ongoing	\$0
MAURMP71	MAU.3.3.4b	Retain areas for sheep grazing	To retain areas for sheep grazing as the most suitable way to maintain the mild slopes of Mauao at present.	OPEN SPACE	B Ongoing	\$0
<b>C No Dollar Actions started and due for completion in **** or ongoing</b>						
MAURMP45	MAU.3.3.1h	Representation on Advisory Group	Representation on the Advisory Group shall be determined at least every five years and each organisation shall re-nominate their representative.	OPEN SPACE	C 2009	\$0
MAURMP44	MAU.3.3.1g	Advisory Group Application Annual Plan	The Advisory Group for the Historic Reserve shall make application to the Annual Plan for funding works on Mauao.	OPEN SPACE	C As required	\$0
MAURMP6	MAU.3.1.1f	New Plantings genetically evolved in Tauranga	Ensure that all new plantings of indigenous vegetation are of stock that has been propagated from plants that have evolved genetically in the Tauranga ecological district.	OPEN SPACE	C Ongoing	\$0
MAURMP23	MAU.3.2.1c	Consensus to initiate rahui	Document a consensus as to the events that would initiate rahui self imposed prohibition and to make provision, eg for conservation purposes.	OPEN SPACE	C Ongoing	\$0
MAURMP24	MAU.3.2.1d	Mechanism for implementing rahui	Determine a mechanism for implementing the above consistent with the Reserves Act 1997.	OPEN SPACE	C Ongoing	\$0
MAURMP25	MAU.3.2.1e	Limit occupancy of Mauao to public utilities	To limit the occupancy of Mauao to the public utilities, including the Trig Station, because they are necessary for the health, safety and amenities of the community.	OPEN SPACE	C Ongoing	\$0

MAURMP36	MAU.3.2.2j	No work to destroy etc an archaeological feature	No work should be carried out on Mauao which is likely to destroy, damage or modify an archaeological or historic feature. No development (i.e. Development of tracks, underground services, fencing, vegetation management such as replanting areas around archaeological features etc) should be undertaken unless an impact assessment of the proposed activity on the archaeological and historic features is carried out by a qualified archaeologist and tangata whenua are consulted. Any activity will require an Authority to Modify Sites from the New Zealand Historic Places Trust, under Section 11 of the Historic Places Act 1993.	OPEN SPACE	C Ongoing	\$0
MAURMP48	MAU.3.3.2a	Pedestrian passive recreational activities	To take a precautionary approach by promoting low impact, pedestrian, passive recreational activities and amenity values in the reserve. (Ref. S 2.3.4 Bylaw, part 2 Resource Information).	OPEN SPACE	C Ongoing	\$0
MAURMP49	MAU.3.3.2b	Respecting the mana of Mauao	To ensure all activities are conducted in a manner that respects the mana of Mauao, e.g. minimising impact on the natural, cultural and spiritual significance of Mauao.	OPEN SPACE	C Ongoing	\$0
MAURMP50	MAU.3.3.2c	Recreational events approved use	All organised recreational events approved by the Council are required to use only the developed public paths and the western outlook as marked on Plan 1 - Roads and Paths.	OPEN SPACE	C Ongoing	\$0
MAURMP53	MAU.3.3.2f	No new long term commercial activities	No new long term commercial activities will be permitted on Mauao. Short term one-off commercial activities would be considered by Council before being approved.	OPEN SPACE	C Ongoing	\$0
MAURMP57	MAU.3.3.2j	No biking permitted	No biking is permitted on roads or paths unless authorised (Refer Policy 3.3.2c).	OPEN SPACE	C Ongoing	\$0
MAURMP58	MAU.3.3.2k	No additional roads or paths	No additional roads or paths will be permitted on Mauao unless promoted by a formal change to the Management Plan under the Reserves Act 1977. Paths associated with improving access to Mauao via the campground will be permitted (refer 3.3.3).	OPEN SPACE	C Ongoing	\$350,000
MAURMP59	MAU.3.3.2l	Prohibit all vehicular access	To prohibit all vehicular access over Mauao except as provided for in Policy 3.3.2d.	OPEN SPACE	C Ongoing	\$0
MAURMP60	MAU.3.3.2m	Prohibit dogs	To prohibit dogs from the entire reserve in accordance with the Tauranga City Councils general bylaw.	OPEN SPACE	C Ongoing	\$0
MAURMP63	MAU.3.3.3b	Allow camping on grassed areas at peak times	Implement a flexible plan in the camp to allow for camping on the grassed areas at peak times and other recreational uses at off-peak times.	OPEN SPACE	C Ongoing	\$0
MAURMP64	MAU.3.3.3c	Allow "temporary living places"	Allow only temporary living places to be established in accordance with the Camp Ground Regulations 1985 Appendix N.	OPEN SPACE	C Ongoing	\$0
MAURMP65	MAU.3.3.3d	Camp Management Regulations	That the Management Agreement or any other agreement for camp management be in accordance with the Camp Ground Regulations 1985 Appendix N.	OPEN SPACE	C Ongoing	\$0

**D Dollar Action scheduled in the TYP 2006-16 to start in \*\*\*\* end in \*\*\*\*\* or be ongoing**

MAURMP38	MAU.3.2.2l	Recording and historical research	Further recording and historical research of the disused paths and tracks on the south western slopes of Mauao should be undertaken to reveal any heritage values these tracks may have. When this has been completed, policy should be developed with regard to the long term retention or otherwise of these features in consultation with iwi.	OPEN SPACE	D 2009 2016	\$0
----------	------------	-----------------------------------	---	------------	-------------	-----

**G No Dollar Action no longer required (followed by reasons)**

MAURMP72	MAU.3.3.5a	Honorary rangers	The Council is to appoint Honorary rangers as and when may be considered necessary for the better management, protection and recreational enjoyment of Mauao.	OPEN SPACE	G Full time Ranger and 7 day Ranger service has been established	\$0
----------	------------	------------------	---	------------	--	-----

**H Dollar Action not considered yet (followed by reasons if applicable)**

MAURMP35	MAU.3.2.2h	Assessment of Pilot Reserve Area	The Pilot Reserve area is a site of significance from the post contact period. An assessment of the whole area should be carried out to determine the extent of significant material still on the site from this period, both built structures and occupation of the site. If the terraced area where the cottage stood has not been modified to any great extent, ie. the ground surface disturbed to the point that there is no longer any subsurface cultural deposit relating to the occupation of the cottage, the area should be managed as an archaeological site. If the area is shown to be of archaeological interest, it is recommended that no development which is likely to disturb the area is allowed to occur. An explanation of the historic significance of this site should be included in any other interpretative information located on Mauao together with its relation to other sites.	OPEN SPACE	H Not known			\$0
MAURMP41	MAU.3.3.1d	Nominate mauao for registration by NZHPT	Nominate Mauao for registration by the New Zealand Historic Places Trust as an historic area and waahi tapu.	OPEN SPACE	H To be considered after change of ownership			\$10,000
<b>I No Dollar Action not considered yet (followed by reasons if applicable)</b>								
MAURMP32	MAU.3.2.2f	Conservation Plan for the Iron Wharf area	Prepare a Conservation Plan for the Iron Wharf area. This should document the sites history including construction of the wharf, water storage tanks and planting of exotic trees, record the sites condition and layout, establish the cultural significance and develop policy for the long term conservation. The New Zealand Archaeological Association recorded the sites layout in 1981. This information will be useful in the Conservation Plans preparation.	OPEN SPACE	I Delayed due to slip repair works	2008		\$10,000
MAURMP33	MAU.3.2.2f	Conservation Plan for the Stone Jetty	Prepare a Conservation Plan for the Stone Jetty documenting the history, including construction of the wharf and its use, recording the structure and developing policy for its long term conservation.	OPEN SPACE	I Delayed due to slip works	2008		\$0
<b>72</b>								<b>\$913,000</b>

## Mauao - Mt Maunganui Reserve Management Plan 1998 - Policy and Management Statements 2010
