

## Mauao – Mount Maunganui Plan Status Review 2005

The Mauao – Mount Maunganui Reserve Management Plan was adopted in August 1998.

ID	Objectives	Actions	Status	Cost	Activity Plan	Timing	Links
<b>MauRMP 1</b>	<b>Vegetation</b>  To restore the “cloak of Mauao” whilst sustaining the ecological integrity of Mauao.	Preserve and protect the existing continuous areas of indigenous vegetation forest and encourage its growth and predominance except where archaeological and other considerations may be paramount.	20,000 plants to be planted each year	\$120,000 pa	Parks and Leisure	Annually	Conservation Plan Vegetation Strategy Fire Plan
<b>MauRMP 2</b>		Develop new areas of indigenous vegetation where this will result in the improvement of water quality (springs) and otherwise enhance the habitat value of existing vegetation.	Obtained Historic Places Trust consent for 5 years.  To commence after restoration of fire affected areas concludes.  Fencing off springs to develop new vegetation areas.	Included in MauRMP 1	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy
<b>MauRMP 3</b>		Carry out a controlled programme over a period of time to eradicate the <i>Pinus radiata</i> and <i>Ulex europaeus</i> (gorse) with the main area of the indigenous forest, and replace this loss with indigenous species.	Included in ongoing revegetation maintenance contracts and is also prioritised within annual weed control budget	\$25,000 pa weed control  \$58,000 pa revegetation maintenance	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy

<b>MauRMP4</b>		Selectively preserve exotic trees in appropriate locations.	Completed		Parks and Leisure		Conservation Plan Vegetation Strategy
<b>MauRMP 5</b>		Develop waahi rongonui (groves of coastal vegetation).	Obtained Historic Places Trust consent for 5 years.  To commence after restoration of fire affected areas concluded.  Fencing off areas to develop new vegetation areas.	Included in MauRMP 1	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy
<b>MauRMP 6</b>		Ensure that all new plantings of indigenous vegetation are of stock that has been propagated from plants that have evolved genetically in the Tauranga ecological district.	Naturally Native (our plant supplier) source all seed stock from Mauao for this purpose.	Included in MauRMP 1	Parks and Leisure		Conservation Plan Vegetation Strategy
<b>MauRMP 7</b>		Allow sheep to graze parts of Mauao to ensure that grass growth is adequately controlled whilst the public's use of the area is not unduly impeded.	New fencing plan proposed in Conservation Plan will provide more accurate grazing control	\$20,000 pa Stock management. \$42,000 pa New fencing	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy

<b>MauRMP 8</b>		Review the need for stocking all grassed areas of the reserve and the options for retiring land from grazing. Planting and fencing of retired areas should be carried out only in consultation with iwi and an archaeologist to ensure that the integrity of archaeological sites is not compromised. If planting is to occur on archaeological sites it will be necessary to apply to the Historic Places Trust for authority to modify sites under Section 11 of the Historic Places Act 1993.	Completed. As proposed in the Conservation Plan, the only retired grazing areas will be springs and around base track.	Included in MauRMP 7	Parks and Leisure		Conservation Plan Vegetation Strategy
<b>MauRMP 9</b>		To control weeds in accordance with the Bay of Plenty Regional Council's Plant Pest Strategy.	With item MauRMP 3	With item MauRMP 3	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy
<b>MauRMP 10</b>		To eliminate all gorse within the existing grazed areas so as to reduce the fire hazard.	With item MauRMP 3	With Item MauRMP 3	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy
<b>MauRMP 11</b>		To restore and develop additional planting on Mauao. <ul style="list-style-type: none"> <li>◆ Restore and add to the coastal vegetation around the base of Mauao, particularly pohutukawa.</li> <li>◆ Care should be taken to ensure good view corridors are maintained.</li> </ul>	In Conservation Plan to be adopted by Mauao Steering Group	In Item MauRMP 1	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy

<b>MauRMP 12</b>		To continue to plant indigenous vegetation through gorse areas.	Ongoing	Included in Item MauRMP 1	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy
<b>MauRMP 13</b>	<b>Fire Control</b> The Council will take all practicable precautions to protect the natural and cultural features of Mauao from fire risk and damage.	The Fire Plan should be used as an action plan in the event of a fire.	Fire plan completed annually by Western Bay Mauao Rural Fire Authority Principal Rural Fire Officer	Included in \$25,000 pa contributed to Rural Fire Authority	Parks and Leisure	Ongoing	Rural Fire Act
<b>MauRMP 14</b>	<b>Objective 3</b> <b>Fauna</b> <ul style="list-style-type: none"> <li>To take all necessary measures to protect and enhance the native fauna on Mauao, including the nesting areas of the grey faced petrel and little blue penguin. Consideration will also be given in due course to the release of threatened species on Mauao if consultation determines this is appropriate.</li> <li>To produce and implement an integrated pest control programme on Mauao for predators and browsers, including ongoing control of the rabbit population.</li> </ul>	To continue the annual monitoring programme for the grey faced petrel and implement appropriate protective measures.  Environment BOP prepared pest strategy which includes Mauao.	Ornithological society monitors petrels annually and produce report. Little blue penguin monitored by Polytech students. No current plans for threatened species release.	Nil  \$25,000 pa	Parks and Leisure	Ongoing  Ongoing	Conservation Plan Vegetation Strategy  Environment BOP Pest Control Strategy Conservation Plan

<b>MauRMP 15</b>		To completed, as soon as possible, a comprehensive assessment of the density, diversity and distribution of the fauna.	Partially completed through Conservation Plan ongoing monitoring of petrels and penguins.	Nil	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy
<b>MauRMP 16</b>		To continue the existing opossum, rabbit and cat control programme, to modify it as required in accordance with the Bay of Plenty's Animal Pest Management Strategy, to carry out an annual review, and to monitor progress.	Control work on rabbits, mustelids and wasps occurs annually.	Included in MauRMP 14	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy
<b>MauRMP 17</b>		To annually monitor and, of necessary, to control the populations of other introduced fauna that may threaten the vegetation, wildlife or archaeological sites.	Wasp control occurs annually	Included in MauRMP 14	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy

<b>MauRMP 18</b>	<p><b>Objective 4</b></p> <p><b>The Summit</b></p> <ul style="list-style-type: none"> <li>• To prohibit further development or the provision of utilities of any kind on the summit. Maintenance and improvement of existing facilities is acceptable but must be in accordance with Objective 5 of this Management Plan and approved by Council.</li> <li>• To protect and preserve the summit's historic and archaeological features.</li> <li>• To retain its character as a natural lookout.</li> <li>• To retain its open space character and peaceful atmosphere.</li> </ul>	<p>Redesign (if removal is not practical or appropriate) the existing man-made utilities to blend into the landscape as unobtrusively as possible.</p>	<p>Proposal included in Conservation Plan</p>	<p>\$245,000</p>	<p>Parks and Leisure</p>	<p>06 \$25,000  07 \$70,000  08 \$70,000  09 \$45,000  10 \$30,000  11 \$5,000</p>	<p>Conservation Plan  Vegetation Strategy</p> <p>To be included in 2006-2016 LTCCP</p>
------------------	--	--	---	------------------	--------------------------	--	--

	<p>relocated to meet navigational requirements. Except for those required to ensure public safety, no additional structures or facilities that provide for activities other than recreation or maintenance of the reserve shall be placed on the reserve.</p> <ul style="list-style-type: none"> <li>To continue to allow use of the Pilot Bay Wharf by commercial fishers at the present level.</li> </ul>		Ongoing				
<b>MauRMP 20</b>		Other facilities to improve public enjoyment of the reserve, such as seats, direction and information signs, and rubbish bins may be provided. These shall be appropriately designed and sited.	Ongoing through Asset Management Plan	\$25,000 renewals pa	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 21</b>	<p><b><i>Place of Cultural and Spiritual Significance</i></b></p> <p>To recognise and provide for the special cultural and spiritual relationships that tangata whenua have with Mauao.</p>	Determine what cultural, heritage and traditional rights or ceremonies are associated with Mauao, eg Waitangi Day.	Waitangi Day is recognised	Nil	Takawaenga Maori	Annually	Conservation Plan

<b>MauRMP 22</b>		Determine a mechanism for implementing the above (3.2.1a) consistent with the Reserves Act 1977.	Achieved through Mauao Steering Group on an ongoing basis	Nil	Parks and Leisure		Conservation Plan
<b>MauRMP 23</b>		Document a consensus as to the events that would initiate <i>rahui self imposed prohibition</i> and to make provision, eg for conservation purposes.	Applied on a case by case basis via Mauao Steering Group	Nil	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 24</b>		Determine a mechanism for implementing the above consistent with the Reserves Act 1997.	Applied on a case by case basis via Mauao Steering Group	Nil	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 25</b>		To limit the occupancy of Mauao to the public utilities, including the Trig Station, because they are necessary for the health, safety and amenities of the community.	Applied on an ongoing basis. No new structures have been approved.	Nil	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 26</b>		To recognise and protect the sanctity of archaeological sites and, in particular to ensure that the iwi determine whether information is released or sought by way of digs on such sites or from silent files.	Achieved through Conservation Plan and via Mauao Steering Group	Nil	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy

<b>MauRMP 27</b>	<b>Heritage Protection</b>	Carry out a detailed historical assessment of Mauao to provide information on the development and use of sites and area. This information will be available for Conservation Plans (see below) and interpretation of the history of Mauao, in consultation with iwi.	Basic historical information is included in Appendix of Management Plan.	\$20,000	Parks and Leisure	07/08	Conservation Plan	
			Detailed information still to be collected.					
			Ongoing implementation of Mauao Conservation Plan. To be included in Asset Management Plan	TBC	Parks and Leisure	Ongoing	Conservation Plan	
			To be included in scope of Interpretation Signage Policy	\$20,000	Parks and Leisure	06/07	Interpretation Signage Policy	
			Ongoing	Included in general operating costs and in individual project costs	Parks and Leisure	Ongoing	Interpretation Signage Policy	

<b>MauRMP 28</b>		<p>Prepare a Conservation Plan for the archaeological features and historic areas located in the reserve, commissioned in consultation with the iwi. Such a plan is to include:</p> <ul style="list-style-type: none"> <li>● An inventory of all sites, accurately mapped, described and recorded on a plan. This would be limited to those sites that are already a matter of public record and would not include sites about which the iwi does not wish to divulge information.</li> <li>● The condition of each site and the presence of vegetation, together with options for its management.</li> <li>● An historical assessment of the sites.</li> <li>● A review of all documentation and records of existing sites.</li> <li>● Detailed policies for the conservation of all sites.</li> </ul>	Completed via EEF Grant	\$22,000	Parks and Leisure	Completed	Conservation Plan Vegetation Strategy
<b>MauRMP 29</b>		A specialist in vegetation management of archaeological sites currently prone to erosion to be consulted during production of a Conservation Plan.	Completed	Included in MauRMP 28	Parks and Leisure	Completed	Conservation Plan Vegetation Strategy

<b>MauRMP 30</b>		A survey of the area's exotic plants and vegetation detailing the types of plants should be carried out, along with documentation of the history. Any work carried out should make reference to recommendations for these planted areas.	Completed in late 1990's		Parks and Leisure	Completed	Conservation Plan Vegetation Strategy
<b>MauRMP 31</b>		Prepare a Conservation Plan for the Stone Steps. This would document the history, record their current condition, determine the cultural significance of the steps and enable development of conservation policy and actions to ensure their long term retention.	Included in Conservation Plan. There is no formal recognition of the steps by Historic Places Trust. Upgrade is included in Asset Management Plan	Not required	Parks and Leisure		Conservation Plan
<b>MauRMP 32</b>		Prepare a Conservation Plan for the Iron Wharf area. This should document the site's history including construction of the wharf, water storage tanks and planting of exotic trees, record the site's condition and layout, establish the cultural significance and develop policy for the long term conservation. The New Zealand Archaeological Association recorded the site's layout in 1981. This information will be useful in the Conservation Plan's preparation.	To be completed	\$10,000	Parks and Leisure	07/08	Conservation Plan

<b>MauRMP 33</b>		Prepare a Conservation Plan for the Stone Jetty documenting the history, including construction of the wharf and its use, recording the structure and developing policy for its long term conservation.	To be completed	Included in MauRMP 29.	Parks and Leisure	07/08	Conservation Plan
<b>MauRMP 34</b>		Assess the degree to which stock are damaging archaeological sites with special attention to be paid to the midden sites on the south western side. If it is found that erosion of the sites is intensified by stock, alternative management should be examined. This could include allowing areas to revert to native bush.	Included in Conservation Plan	Nil	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP35</b>		The Pilot Reserve area is a site of significance from the post contact period. An assessment of the whole area should be carried out to determine the extent of significant material still on the site from this period, both built structures and occupation of the site. If the terraced area where the cottage stood has not been modified to any great extent, ie. the ground surface disturbed to the point that there is no longer any subsurface cultural deposit relating to the occupation of	Not completed.	TBC	Parks and Leisure	Ongoing	Conservation Plan

		<p>the cottage, the area should be managed as an archaeological site. If the area is shown to be of archaeological interest, it is recommended that no development which is likely to disturb the area is allowed to occur. An explanation of the historic significance of this site should be included in any other interpretative information located on Mauao together with its relation to other sites.</p>					
<b>MauRMP36</b>		<p>No work should be carried out on Mauao which is likely to destroy, damage or modify an archaeological or historic feature. No development (i.e. Development of tracks, underground services, fencing, vegetation management such as replanting areas around archaeological features etc) should be undertaken unless an impact assessment of the proposed activity on the archaeological and historic features is carried out by a qualified archaeologist and tangata whenua are consulted. Any activity will require an Authority to Modify Sties from the New Zealand Historic Places Trust, under Section 11 of the Historic Places Act 1993.</p>	Ongoing compliance occurs.	Included in project costs	Parks and Leisure	Ongoing	Conservation Plan

<b>MauRMP37</b>		<p>Prior to any planting works being carried out on the lower slopes of Mauao, consultation with iwi and an archaeologist is to be undertaken. This consultation will allow for advise on areas of archaeological and cultural sensitivity which should not be planted. Planting should not take place on archaeological features. If sites are to be included in areas for planting it will be necessary to apply to the Historic Places Trust for authority to Modify Sites, under Section 11 of the Historic Places Act 1993.</p>	<p>Ongoing and included in Conservation Plan. Historic Places Trust consent achieved.</p>	<p>Nil</p>	<p>Parks and Leisure</p>	<p>Ongoing</p>	<p>Conservation Plan Vegetation Strategy</p>
<b>MauRMP38</b>		<p>Further recording and historical research of the disused paths and tracks on the south western slopes of Mauao should be undertaken to reveal any heritage values these tracks may have. When this has been completed, policy should be developed with regard to the long term retention or otherwise of these features in consultation with iwi.</p>	<p>Not completed. To be included in Item MauRMP 27.</p>	<p>Included in Item MauRMP 27.</p>	<p>Parks and Leisure</p>	<p>Ongoing</p>	<p>Conservation Plan</p>

<b>MauRMP 39</b>	<p><b>GOAL 3</b></p> <p><i>To continue to meet the appropriate recreational and amenity needs of the residents and visitors to the District</i></p> <p><b>Objective 1</b></p> <p><b>Management</b> To manage the reserve under the provisions of the Reserves Act 1977 whilst recognising and giving effect to the special status and position of the tangata whenua and to the mana of Mauao.</p>	Formally rename the reserve as Mauao – Mount Maunganui.	Completed.	Nil	Parks and Leisure	Ongoing	
<b>MauRMP 40</b>		Retain the current classifications for Mauao, namely Recreation Reserve and Historic Reserve (refer to Figure2, page 22 and Appendix K)	Completed.	Nil	Parks and Leisure	Ongoing	
<b>MauRMP 41</b>		Nominate Mauao for registration by the New Zealand Historic Places Trust as an historic area and waahi tapu.	Not completed. On hold pending outcome of ownership change.	\$10,000	Parks and Leisure	TBC	Conservation Plan
<b>MauRMP 42</b>		Include all of Mauao in the reviewed District Plan's Schedule of Historic Features with individual areas and sites highlighted including those identified in the Resource Information to this Management Plan.	Included in District Plan	Nil		Completed	District Plan

<b>MauRMP 43</b>		<p>Establish an Advisory Group for the Historic Reserve being representative of the Crown, City Council, iwi and community.</p> <ul style="list-style-type: none"> <li>• Establish performance objectives for each year of operation.</li> <li>• Annually assess the readiness of all relevant agencies to action the agreed fire plan should the need arise.</li> </ul>	Mauao Steering Group formed. Scope and role to be reviewed upon transition of proposed ownership change.	\$3,000 per annum	Parks and Leisure, Democracy	Ongoing	Conservation Plan
<b>MauRMP 44</b>		The Advisory Group for the Historic Reserve shall make application to the Annual Plan for funding works on Mauao.	Ongoing based on Asset Management Plan	Variable annually	Parks and Leisure	Ongoing	
<b>MauRMP 45</b>		Representation on the Advisory Group shall be determined at least every five years and each organisation shall re-nominate their representative.	Group formed in 2002, review to occur after proposed ownership change.	Nil	Parks and Leisure	Ongoing	
<b>MauRMP 46</b>		The Recreation Reserve, including the hot pools, campground and surf lifesaving club shall be administered by the Council with the various operation conditions determined by the Council.	Ongoing.	Policy statement only.	Property, Aquatic CCO	Ongoing	Aquatics Strategy
<b>MauRMP 47</b>		Recognise the different management techniques applicable to the Recreation Reserve and the Historic Reserve.	Ongoing	Nil	Parks and Leisure, Property	Ongoing	Conservation Plan

<b>MauRMP 48</b>	<p><b>Objective 2</b></p> <p><b>Amenity and Recreation Value</b></p> <p>To manage the reserve with due recognition of the historical and recreational significance of Mauao and of the reserve as a calm and peaceful environment for retreat and reflection.</p>	<p>To take a precautionary approach by promoting low impact, pedestrian, passive recreational activities and amenity values in the reserve. (Ref. S 2.3.4 Bylaw, part 2 – Resource Information).</p>	Ongoing	Nil	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 49</b>		<p>To ensure all activities are conducted in a manner that respects the mana of Mauao, e.g. minimising impact on the natural, cultural and spiritual significance of Mauao.</p>	Ongoing.	Nil	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 50</b>		<p>All organised recreational events approved by the Council are required to use only the developed public paths and the western outlook as marked on Plan 1 – Roads and Paths.</p>	Ongoing. Variations are agreed by Steering Group.	Nil	Parks and Leisure, Roding	Ongoing	Conservation Plan Events Strategy
<b>MauRMP 51</b>		<p>To maintain the roadway to the summit as a safe pedestrian path capable of use by emergency and service vehicles or ceremonies of national significance only, in a manner which arrests further erosion. The use of Mauao for search and rescue practice shall be approved annually by the Council. The road will not be used for general public vehicle access.</p>	Ongoing compliance.	Included in Road Maintenance Contract	Parks and Leisure	Ongoing	Conservation Plan

<b>MauRMP 52</b>		The landing of helicopters at the summit is to be permitted for emergency rescue purposes only and other purposes as approved by Council.	Ongoing compliance	Nil	Parks and Leisure	Ongoing	
<b>MauRMP 53</b>		No new long term commercial activities will be permitted on Mauao. Short term one-off commercial activities would be considered by Council before being approved.	Ongoing compliance. No commercial activities approved to date.	Nil	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 54</b>		To maintain existing paths for pedestrian use, as identified on Plan 1 – Roads and Paths. All maintenance and upgrading of paths must be proven to be necessary and in accord with the objectives and policies of this Plan.	Ongoing.	Nil	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 55</b>		Paths should be surfaced with rhyolite chips, pipi shells – materials that are appropriate to Mauao.	Ongoing. Resurfacing is a scheduled item in Maintenance Contract.	Estimated \$50,000 pa	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 56</b>		Rest areas and seats are to be located at suitable places and safety features will be incorporated where necessary so that the majority of people have access to the majority of paths.	Ongoing through Asset Management Plan. No new seats are to be installed.	Nil	Parks and Leisure	Ongoing	Conservation Plan

<b>MauRMP 57</b>		No biking is permitted on roads or paths unless authorised (Refer Policy 3.3.2c).	Ongoing.	Nil	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 58</b>		No additional roads or paths will be permitted on Mauao unless promoted by a formal change to the Management Plan under the Reserves Act 1977. Paths associated with improving access to Mauao via the campground will be permitted (refer 3.3.3).	Ongoing compliance. Issue of better access via camp has been assessed by new boardwalk. Review of camp and hot pools design has been signalled and this will be included in that project.	\$350,000 for new boardwalk	Parks and Leisure, Property	Ongoing	Conservation Plan
<b>MauRMP 59</b>		To prohibit all vehicular access over Mauao except as provided for in Policy 3.3.2d.	Ongoing compliance.	Nil	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 60</b>		To prohibit dogs from the entire reserve in accordance with the Tauranga City Council's general bylaw.	Ongoing compliance.	Nil	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 61</b>		Create a main pedestrian entry, main gate and interpretation structure in which various aspects of Maori culture and history of Mauao will be displayed. The main entry will include a large open grassed area in front of the main gate with, in future, an interpretation/ information structure.	Not completed. Duplicate MauRMP 58.	\$10,000 design Implementation TBC	Parks and Leisure	To be included in Asset Management Plan	Conservation Plan Vegetation Strategy

<b>MauRMP 62</b>	<b>Objective 3</b>  <b>Camp Ground</b> To retain the camp in general on its current site with the following amendments.	Improve access to Mauao along the back of the camping ground and along the beach front; improve signage; improve visual amenity.	Boardwalk installed along camp front. Signs installed.	Included in MauRMP 58.	Parks and Leisure	Ongoing	Conservation Plan
<b>MauRMP 63</b>		Implement a flexible plan in the camp to allow for camping on the grassed areas at peak times and other recreational uses at off-peak times.	Ongoing	Nil	Property		Events Strategy
<b>MauRMP 64</b>		Allow only 'temporary living places' to be established in accordance with the Camp Ground Regulations 1985 – Appendix N.	Ongoing and included as requirement in camp operation contract.	Nil	Property	Ongoing	
<b>MauRMP 65</b>		That the Management Agreement or any other agreement for camp management be in accordance with the Camp Ground Regulations 1985 – Appendix N.	Ongoing and included as requirement in camp operation contract.	Nil	Property	Ongoing	
<b>MauRMP 66</b>		Remove all "permanent" and "semi-permanent" structures that are not in accordance with the Camp Grounds Regulations 1985 – Appendix N.	Not achieved. Will be considered in Hot Pools/Camp redesign proposal.	Nil	Property	Decision by 06/07.	

<b>MauRMP 67</b>		No new permanent awning structures should be permitted to be built and all old awning structures are to be removed over a period of 12 months after the adoption of policy.	Not achieved. Will be considered in Hot Pools/Camp redesign proposal.	Nil	Property	Decision by 06/07	
<b>MauRMP 68</b>		Redefine the management agreement for the camp ground to reflect the above.	Requirement for no new structures in camp contract.	Nil	Property	Decision by 06/07	
<b>MauRMP 69</b>		Undertake a concept plan which addresses amenity issues and access along the front of the camp and behind the camp. Refer Appendix P – Draft Concept Plan.	Completed	Included in Action MauRMP 58	Parks and Leisure	04/05	Conservation Plan
<b>MauRMP 70</b>	<p><b>Objective 4</b></p> <p><b>Grazing</b></p> <ul style="list-style-type: none"> <li>To graze parts of Mauao to ensure that grass growth is adequately controlled and public use of the area is not unduly impeded. Only sheep will be used.</li> <li>To review the area of grazing on the reserve as alternative pasture management measures are</li> </ul>	Review the need for stocking all grassed areas of the reserve. If areas of the reserve can be retired from grazing they should be. Planting in these areas should be carried out only in consultation with iwi and an archaeologist to ensure that the integrity of archaeological sites within them is not compromised.	Review completed.	Review completed. Refer to MauRMP 8 for implementation.	Parks and Leisure	04/05	Conservation Plan Vegetation Strategy

	<p>successfully trialed.</p> <ul style="list-style-type: none"> <li>● Implement more appropriate management alternatives. If alternative pasture management measures become available.</li> </ul>						
<b>MauRMP 71</b>		To retain areas for sheep grazing as the most suitable way to maintain the mild slopes of Mauao at present.	Ongoing compliance	Nil	Parks and Leisure	Ongoing	Conservation Plan Vegetation Strategy
<b>MauRMP 72</b>	<b><i>Objective 5 Honorary Rangers</i></b>	The Council is to appoint Honorary rangers as and when may be considered necessary for the better management, protection and recreational enjoyment of Mauao.	None appointed to date.	Nil	Parks and Leisure	Ongoing	Conservation Plan
