

Monthly Report

For month of October 2007

Mauao

Pest Control

Nigh shoots have been monitoring the number of rabbits on Mauao. The numbers are quite low at the moment. Continued control in the Petrels areas.

Oruahine upgrade

Oruahine track upgrade has been completed. The track look great. Excellent feedback has been received.

Pilot Quay slip repairs

4x4 Slip repair near completion. Awaiting access down the road. Pilot Bay slip repair is also near completion. Should be finished on schedule. Higgins are the contractor.

Weed Control

Pasture spraying has been completed, targeting Thistles. We have had another working bee. Abseilers are also near finishing for this year. Excellent coverage on the higher bluffs

Water pipe line

Water pipe line contractors are awaiting slip repair contractors to finish so they can have access to their site.

Over hanging rock

Third opinion was also concerned about the rock. TCC management have decided to remover the rock. Preparations are under way
